

Mission Statement: Our mission is to create an eco-friendly aesthetically pleasing community friendly, multi-generational, canine recreation park dedicated to the 9/11 search and rescue dogs.

Ten reasons why having our very own dog park in Glen Rock will benefit all residents of Glen Rock:

- 1. Due to restrictions on where dogs can be walked on town property, the Glen Rock Dog Park will provide the perfect place to bring the family dog hassle-free.**
- 2. With plans for a lovely landscaped dog park, the land near Faber fields and the town pool will no longer be an eyesore but a Glen Rock oasis and destination.**
- 3. The Glen Rock Dog Park will be another great selling point for future dog-owning (and non-dog-owning) Glen Rock residents (realtors rejoice!)**
- 4. With plans to construct the dog park with environmentally-friendly and ecologically sound materials, the Glen Rock Dog Park will support Glen Rock's Green goals.**
- 5. With future plans to utilize composting technology for dog waste, The Glen Rock Dog Park, once up and running, will future support Glen Rock's Green goals.**
- 6. Once fully constructed (including beautiful landscape, a walkway around the park and a gazebo), the Glen Rock Dog Park will provide a great social meeting point for Glen Rock families, young and old, and their dogs.**
- 7. Local businesses will have a great opportunity for local advertising with local families.**
- 8. Glen Rock will have a venue to host outdoor events throughout the year, including animal obedience training, doggie get-togethers, and other family-oriented social gatherings.**
- 9. Glen Rock will have a beautiful, best-in-class dog park, at no incremental cost to its taxpayers.**
- 10. Tired dogs are happy dogs, and happy dogs make happy residents!**
